

Air Newspaper Problems

Three leaders talk over their collective problems during the conference of California newspaper editors and publishers at Stanford University last weekend. Left to right: Lloyd E. Smith, publisher of the Los Gatos Times, who was chairman of the weeklies division; Dr. Chilton R. Bush, head of the Stanford Division of Journalism and director of the conference activities; and Raymond L. Spangler, publisher of the Redwood City Tribune, chairman of the dailies division. The conference was sponsored jointly by Stanford University and the California Newspaper Publishers Assn. Ninety newspapers were represented.

Ryan Asks for Higher Wages For Firemen in Banquet Talk

Peninsula fire fighters packed a banquet room at the Cafe de Paris last night to honor Mark E. Ryan. Only a four-alarm fire could have emptied the place as the ex-Redwood City chief spoke.

Drawing on his more than 30 years' experience in the fire business, Ryan pleaded for larger salaries for firemen. He started his speech by outlining the history in the department. Ryan said that he had followed the saying of a number of great men. One of the sayings quoted was by Abraham Lincoln: "Always stay with a man when he's right and leave him when he's wrong," to which Ryan added, "but don't wait too long."

Ryan maintained that a public servant didn't have to be "too smart" as long as he kept one aim in mind. The aim named—always decide what's best for the most people. He said there was only one "four tall" he recalled in his term of office. That, he said, was in the mechanics of a change over from the volunteer to paid department. He said he believed that change was handled properly and resulted in bad feeling.

Ryan said any government's first duty was to protect its citizens. For this reason he deplored the spending of general fund moneys for outside projects when firemen are underpaid. He said he believed such expenditures were justified by a city, but that they should be drawn from special tax funds, not from the general fund. The general fund, he claimed, should be maintained solely to conduct city business.

He warned that "outside influences" should be kept out of city departments and warned that the way to accomplish this was by paying city employees adequately.

Ryan said he resigned his position when he found that he could no longer handle the job. He said that because he had a faster rig he arrived at fires first. This was all right, he said, as long as all he had to do was wield an axe with one hand and a hose with the other. But when a physician told him he had to take heart pills at the same time, the chief decided to resign.

Ryan was praised by fire officials for his unselfish devotion to his job. Jay Stevens, board of underwriters official, said it was the service of men like Ryan which caused the public to look up to firemen.

A Trophy to the Winner

Miss Carolyn McGarrigle, candidate for queen of the Redwood City Fourth of July celebration sponsored by the Eagles, presented a trophy to the winning driver recently at the midget auto races at the Bayshore Stadium. The driver is Johnnie Smith of Redwood City who won the Salt Lake City championship before the war.

Donald J. Regello Reenlists in Army

Pvt. Donald J. Regello, son of Mr. and Mrs. F. Regello, 601 Spring St., Redwood City, has reenlisted in the regular army at the Army Air Forces Military Training Center, San Antonio, Tex.

Regello's enlistment was for a period of 18 months. He expects to be home on a furlough before reporting for his new assignment.

WOMAN INJURED

Mrs. Rozelle Geimshoff, 40, of Los Gatos, was treated at Palo Alto Hospital last night for minor injuries suffered when the automobile which she was driving and a car driven by Mrs. Gertrude Lambert, 38, Mountain View, collided on O'Connor Ave., 25 feet north of Capital Ave., East Palo Alto. The accident occurred at 7:25 p.m., the California Highway Patrol reported.

A tip to Veterans planning to build... **SAVE A SPACE—** have a plug-in outlet ready when new HOME APPLIANCES come to work for you.

While you are still planning your home on paper make a layout too, for the furniture, for your lamps and your home appliances so that you have a planned place for everything.

Some of the appliances you want cannot be bought now but you should save a space for them. Then when your new washer, ironer or home freezer is delivered—you "just put it right there" in a specially reserved space. There should be a plug-in outlet there too, so your new home helper can go right to work for you.

Your appliance dealer can help you plan this space. He can tell you exactly how much floor area each appliance needs. Drop in and see the new sample models he now has on display.

Baptism Here By Rt. Rev. Sheen

The Rt. Rev. Msgr. Fulton J. Sheen, whose radio addresses on the "Catholic Hour," and conversions of illustrious intellectuals such as Clare Booth Luce have made him nationally famous, made his first baptism on the West Coast at Mt. Carmel Church Monday afternoon.

Mrs. Dayse Dean (Mary) London of Eaton Dr., Redwood City, was formally baptized at 4:30 p.m. before a gathering of her friends. Mrs. London is the wife of the late Joseph Edward London of this city.

Mrs. London began correspondence with Father Sheen after the death of her husband four years ago. He has recently been visiting St. Patrick's Seminary, and has conducted services at St. Joseph's Church in San Francisco.

Beach Survey Gets Under Way

Survey work on San Mateo County beaches is slated to begin this week. John A. Hennessey of the State Dept. of Natural Resources said last week during a conference with Secy. Frank Skillman of the county planning commission.

The surveys precede state acquisition of nearly six miles of beaches to approximately double the frontage of public-owned beaches in the county.

Hennessey, supervising lands purchasing office of the division of beaches and parks, was in Redwood City for a conference with Skillman one week after the State Parks Commission approved a county plan to acquire beaches with state funds on a matching basis.

Millbrae Group Asks City Status

MILLBRAE — Millbrae's new efforts to incorporate into a city of the sixth class were underway today following the signing of a petition by 75 property owners Monday.

Previously some 1000 signatures had been secured on a petition calling for a special election on the incorporation question.

The proposed city limits include an area adjoining Burlingame to the south, San Bruno to the north, and from the line of the Bayshore Freeway to Skyline Blvd.

This area also includes the large Mills Estate holdings and property of the San Francisco Water Department. Mills Estate officials and the San Francisco Water Dept. are on record in opposition to inclusion of their property in the proposed city.

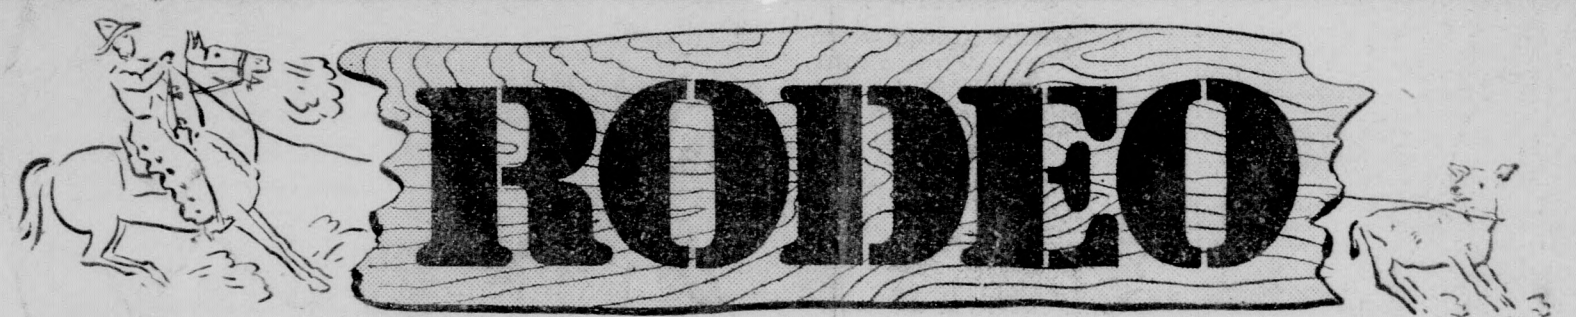

Harry Soloff Starts Term

Harry Soloff, 39, San Francisco printer taken into custody on a narcotic charge May 21, today began serving a 90-day sentence in the county jail.

Soloff was found guilty by Justice of the Peace John J. Fahey Jr. in South San Francisco earlier this week.

His companion, Abe Viner, 42, charged with possession and transportation of narcotics, was held to answer to superior court.

Charges of transportation and possession against Solomon L. Foreman, 36, seaman, who was with the two when they were arrested, have been dropped for lack of evidence, the district attorney's office announced today.

Sit Down—You're Rocking the Boat

When the temperature rose to a new high for the year Tuesday, this happy quartet sought relief at Searsville Lake along with thousands of others. They are (seated) Elbert (Pinky) Garcia, left, Sequoia High School teacher and Charles Broadwater of Los Angeles, and (standing) Joan de Benedetti, left, and Paula Taigen, both of Burlingame. (Tribune Photo)

R.C. Safe Company Signs Overseas Contract

William E. Braun, president of the Pacific Safe Manufacturing Co. on Middlefield Rd., announced today that his firm has signed a contract with the U. S. Overseas Trading Corp., a San Francisco firm, for the delivery of safes to China, Japan, Korea, the Malay States and Indo-China.

Braun, who has been in Redwood City for nearly 10 years, said the trading corporation, acting as his agent in the Far East, has guaranteed the need for at least 180 safes a year in the Orient.

Hotel Tenant Leaves With Bed Clothing

Two sheets, two pillow cases and a door key are the quarry of a police investigation, Police Chief C. L. (Mickey) Collins announced today.

The chief said that Wednesday an unidentified woman lifted the linen and the door key from the Sequoia Hotel, Main St. and Broadway, before checking out for a new residence—presumably an unfurnished apartment.

Medical Society Favors Sequoia Hospital Dist.

"The San Mateo County Medical Society wishes to go on record as being in favor of the formation of the Sequoia Hospital Dist. in Redwood City."

So declared a letter received by the board of supervisors today from Dr. J. Paul Sweeney, secretary of the society.

"Another hospital of 75 to 100 beds is badly needed in this county as a recent hospital survey showed," his letter stated.

Retiring County Aides to Be Feted

The San Mateo County Employees Assn. will honor 15 men and women retiring from county employment Saturday night at a dinner at the New Miramar Hotel at Miramar Beach.

Ten of the honored guests will officially retire on July 1, while five employees have already retired this year.

Already retired are George T. Boone, John G. Farrell, Tom S. Harrington, William G. Kelting and George T. Steinberg.

The Times-Gazette, Friday, June 28, 1946

Page 3

England Admits Burglary Guilt

Ernest L. England Jr., 21, Monday afternoon pleaded guilty to a charge of burglary after the district attorney's office moved a count of assault with intent to commit murder be dismissed.

Judge A. R. Cotton referred England's plea for probation to Probation Officer John S. Cowgill, and set July 8 as time for sentencing. England was slated to go on trial Monday on the two counts which arose out of the shooting of

San Bruno Police Sgt. Russell Cunningham Feb. 2.

England was a companion of Milton Winchell who was committed to San Quentin Prison in April after he pleaded guilty to charges of shooting Cunningham following the burglarizing of the Albatross Cafe in San Bruno.

Winchell was shot trying to escape, and he and Cunningham were hospitalized for several weeks.

Prices in this Ad are effective Thursday, Friday and Saturday, June 27-29 in San Francisco, Oakland, Alameda, Berkeley, Hayward, Richmond and other cities and towns in San Mateo County, unless change are required as a result of new OPA regulations.

HOLIDAY VALUES AT SAFEWAY

How to shorten holiday meal fixing

It is something of a problem to serve well-balanced meals and keep cool at the same time these warmer days. The trick is to arrange menus so that most of the meal preparation can be done in the cool of the morning and evening. We've some tips on the subject.

ONE HOT DISH—The well-balanced menu should include at least one hot dish. We naturally think of soup because it is taste-tempting, even on the warmest days. If you like to make your own, then plan to make it in the cool of the evening for reheating later. Or serve one of the delicious canned soups for even less time in the kitchen.

PLENTY OF SALADS—Summertime is salad time. Make big ones and plenty of them. They can be as hearty as you like with meat, chicken, fish, cheese or eggs to make them substantial. If the salad is to be the main course, however, be sure there are enough protein ingredients to make it equivalent in nourishment to the usual main course. The nice thing about salads: all the ingredients can be prepared in advance and all ready for the last minute slicing, shredding and mixing. Gelatin salads can even eliminate that.

CASSEROLE DISHES—Contrary to opinion, casserole dishes are grand summer offerings. They can be an all-in-one meal with only a salad and dessert needed to complete the menu. And most of them can be cooked ahead of time for reheating at the last minute. Chicken pie, for instance, can be made ahead, then topped with dough or pastry and baked for 15 minutes just before mealtime. Casserole dishes can also be cooked in the morning, then wrapped in ten or twelve thicknesses of newspaper and kept piping hot for the noonday meal.

AND REMEMBER—Refrigerator desserts are welcome and can be prepared when it is cool. Pastry for pies and ice-box cookies can be mixed and stored in the refrigerator for use in a minute. Mix the dry ingredients together for biscuits, muffins, waffles and the like, in advance, too. All that is necessary is to stir in the liquids. Do all these things in the cool part of the day and be a lady of leisure when it is too hot to cook.

Carol Drake, Director
The Homemakers' Bureau
An Extra Safeway Service

FAMINE EMERGENCY SUGGESTION:

Save oils by using boiled dressings on your salads.

There's a holiday ahead and holidays usually call for something special in the way of eating. Maybe you'll be planning a picnic or a backyard party. Whatever your holiday schedule, Safeway will be glad to help you arrange for the food. Some suggestions that may assist you in planning your meals are given below. You'll find dozens of other ideas on the shelves at Safeway.

"It was a nuisance shopping around for food during the War, but now I'm buying everything at Safeway again."

SAFEWAY FOOD PRICE POLICIES PLEDGE PROTECTION FOR YOU

Regardless of what happens to OPA ceiling prices on Foods, these Safeway Price Policies are a pledge that Safeway Prices will be kept as low as possible:

1 In setting its retail prices, Safeway will continue to give consumers the benefit of saving resulting from our way of doing business by pricing at the lowest point that will yield a reasonable profit. For many years Safeway's profit has averaged less than 2c on every dollar of sales.

2 Safeway will do no speculative hoarding. Stores will contain the largest possible supplies of Foods at all times and they will be made available to all customers.

3 Safeway will pay full legitimate market prices to Farmers and other producers of Foods.

YOU GET MORE FOR YOUR MONEY AT SAFEWAY

We are diligently concentrating.....
on providing service to
waiting applicants as fast as it
is humanly possible to do so

Every effort is being made to improve the quality
and efficiency of our service

Directing our efforts as we have to render service as rapidly as possible to all who want it and to make our service even better than it has ever been before, the 2,886,000 telephones in service as of May 31, 1946, include an increase of 254,000 since V-J Day, of which 183,000 were added in the first five months of this year—an unequaled increase in any similar time period in the history of our company.

The telephone increase since V-J Day exceeds by 67,000, or 36 per cent, the 187,000 increase in the year 1943—the largest yearly telephone increase ever recorded by our company. The telephone increase for the first five months of 1946 exceeds by 69,000, or 60 per cent, the 114,000 increase for the entire year 1945.

New applications for service—totaling 340,000 for the first five months of this year—increased 107 per cent over the corresponding period of a year ago. Of the 286,000 prospective subscribers at the first of the year whose applications had been necessarily deferred due to shortage of facilities, we are glad to report that 183,000, or 64 per cent, have been cared for. Due, however, to the time necessarily involved in the installation of complicated switchboards—in many instances new buildings are required to house them—together with the large number of new applications and the continued materials shortages and disturbed conditions throughout the country affecting manufacturers' production, 229,000 applicants are still waiting for service.

We are diligently concentrating, notwithstanding the difficulties in obtaining adequate apparatus and materials, on providing service to waiting applicants as fast as it is humanly possible to do so. Likewise every effort is being made to improve the quality and efficiency of our service.

Construction of additional toll and long distance circuits has gone forward with rapidity and continued improvement is being made in the service even though the volume continues at record high levels—the calls being 20 per cent greater than in the corresponding five-month period of a year ago.

Our company has recently made substantial further postwar increased wage adjustments, aggregating \$6,000,000 on an annual basis, as a result of collective bargaining negotiations with the unions. These added wage increases are over and above the postwar adjustment wage increases made in December of last year which aggregated more than \$18,000,000 on an annual basis. Thus, this recent wage increase, embodied in a contract to run until March 1, 1947, brings the postwar adjustment wage increases, arising out of collective bargaining, to more than \$24,000,000 annually—the increase in our postwar wage rates being 19 per cent. The recent collective bargaining negotiations between our management and the unions extended over a period from April 24 to May 18, 1946, and at no time throughout the negotiations did the unions or the company fail to realize that the public interest came first. . . . Net Income has been adversely affected by increased costs of operation, particularly the large added wage expenditures.

Rob Cowley
President

The Pacific Telephone and Telegraph Co.

BOY SCOUT NEWS

Members of Redwood City Community Chest

Observance of the traditional "K. D. Day" at Camp Pescadero, summer playground for scouts of the San Mateo County Council, will be held on Saturday.

Members of the Knights of Dunamis, honorary Eagle Scout society, assuming direction of the activities for the day under the direction of John Wrenthorn, San Carlos, commander of the local chapter and E. A. Barrer, scout executive and patron general of the order.

The young men, all of whom have achieved the highest rank in scouting, Eagle Scout, will take over from regular camp officials and add special events for those in attendance at the popular camp.

Highlight of the observance will be the initiation ceremonies staged at the evening campfire for new candidates for the rank of "Knight."

With a full program under way at the camp, scout officials asked that all scouts expecting to attend the second session of the camp, July 8 to 15, submit their applications immediately so that accommodations can be arranged. It was also pointed out that bus transportation to and from the camp is available on reservation and payment of the round trip fee of \$2. Buses will leave the corner of Howard Ave. and California Dr. in Burlingame at 9 o'clock July 8.

Featured during the daily program of the camp are hiking, swimming, sports and camp craft projects. Baseball, horseshoes, volleyball and organized games also provide recreation with the water. Front activities preparing for the aquatic show to be staged for visitors on Sunday afternoon, to climax the visit of the Knights of Dunamis.

Scouts are being given special instruction in camping skills and pioneering in preparation for the Kit Carson High Sierra Camp which is scheduled to open on July 25. Attendance is limited to only 50 scouts of first class rank or above and with merit badges in swimming and cooking. A rigid physical examination must be taken and previous experience at Camp Pescadero is required.

E. A. Barrer, scout executive, will direct the Kit Carson camp. In commenting on the present session at Camp Pescadero he stated that we have "the finest group of lads we have ever had in attendance." Particularly popular is the educational program under the direction of Barney Williams of San Mateo, with a large percentage of the boys completing projects toward scout advancement.

"Clear Streams," a picture on conservation and preservation of our natural resources will be shown at the McKinley School auditorium Friday, June 28 at 8 p.m. and a special invitation to attend has been extended to all scouts, leaders, parents and friends, according to Hamilton L. Day, neighborhood commissioner for Redwood City.

An explanatory lecture will accompany the film and it was pointed out that the subjects covered would be helpful to scouts in completing requirements for scout advancement.

The showing is open to the public, it was said, and will illustrate many useful factors of help to campers, fishermen and hunters.

Chet E. Wilson, assistant scout executive, said today that the branch office of the San Mateo County Council, located in the basement of the old library building, corner Jefferson and Broadway, will be open to scouts and leaders on every Tuesday afternoon from 3 until 5 o'clock and on Tuesday evenings from 7 to 9 during July and August.

Hiking Trail Plans Gain State Favor

San Mateo County's part in the 3000-mile State Master Loop Riding and Hiking Trail was a step nearer realization today following a survey yesterday afternoon by state officials, who were accompanied on an inspection tour by Planning Secy. Frank S. Skillman and representatives of the San Mateo County Highwaymen's Assn.

Skillman said the state officials expressed approval of the plan of this county, which is one of the first in the state to complete its plan.

The state officials recommended that Skillman attend the next meeting of the State Park Commission, probably in August, and submit the riding trail plans for approval.

A preliminary estimate of \$150,000 as the cost of constructing the state system has been submitted. Maintenance cost is estimated at \$135,000 a year.

A trail 20 feet wide is recommended. Property for the trails has not been purchased. It is impossible to bring condemnation proceeding to secure the property, Skillman said.

Shelters are planned at intervals along the trails so riders will have a place to stay at night. Proponents of the trail system believe that in utilizing existing trails and abandoned rights-of-way, integrated with new trails, makes forest areas accessible and enhances the work of fire protection and air plane crash rescue. Fishing and hunting areas and other recreational and scenic spots are made available, they claim.

The proponents maintain that much gainful employment will be provided and that many tourist attractions of California will be further enhanced. It is contemplated that Boy Scouts and other youth organizations will be interested in using these trails and the building of stop-over shelters may be assigned to these groups, according to proponents of the plan.

Meat Plants Down 80% During Crisis

While Eastern and Middle Western meat packers closed down for lack of livestock, there was no immediate threat of a shutdown of San Mateo County packing plants.

Three of the largest plants in South San Francisco, Swift & Co., Armour's, and the United Packing Co., reported that they expected to continue operations, although beef slaughtering had fallen, in some cases, as low as 80 per cent of normal.

Sheep and lamb slaughtering was only a little short of normal capacity, but hogs were down to a low of 70 per cent of normal.

This situation was reflected on the meat counters of Redwood City markets this week, where crowds of shoppers found strings of frankfurters in place of cuts of beef. Sauerkraut sales were booming, butchers said.

A few lamb chops and breasts of lamb were seized by early shoppers, but most families dined on prepared meats. Local markets report that meat deliveries are off as much as 75 per cent over 1941, with three quarters of a beef arriving per week where a dozen steers were butchered before the war.

Soap Box Derby Draws Many Youths Between 11 and 15

The checkered flag flashes down and with a roar 100,000 fans jump to their feet to see the winning car streak over the finish line at a fast 40 m.p.h.

Indianaapolis? No, Akron, and the race is the All-American and International Soap Box Derby.

The derby, discontinued since 1941, will be held again this year with one of the biggest programs in the history of the exciting event, and some Redwood City boys has a perfect chance to win.

Aug. 18, but before that date local derbies to select the entries in the big race will be held in cities and towns all over the country. Redwood City's champion will be determined on July 28 when 30 or more kids will dash over the Eagle hill course to a finish as exciting (and much less noisy) as any to be seen at Indianapolis.

What's more, Billy Jones has as good, and probably better, a chance to win as Percy Goettkes, because no car may cost more than \$10.

Redwood City Derby include Towne Motor Co., Bank of America, Hall Bros., Gray Thorne Lumber Co., Al Brown's Associated Service, First National Bank, Redwood City Tribune, Cuddy Motor Co., Redwood City Kiwanis Club, Bissell Tire & Battery Service, American Trust Co., San Carlos Enquirer, Otson & Son, Feldman's Exchange Club, Layng & Timney, S. D. Herker, Union Oil Products, Service Garage, Franklin & Crowe and Holmquist Hardware Co.

ships in San Francisco and the winner from San Francisco will go to Akron. The winner at Akron will bring home a national and an international championship trophy, a certificate, medals and badges, AND a four year scholarship to the college of his choice!

The race is open to all boys 11 to 15 (inclusive) years of age, and entry blanks are available at the Davies Auto Co., 1101 El Camino Real.

Entrant will be given free a complete set of the finest racing wheels, and from then on its up to the kid who can find the smoothest soap box. A rule book and a sample set of plans for a streamlined racer will also be furnished the entrants by Al Davies.

Thus far only 18 entries have been received, and the field is wide open, with plenty of time to build a racer between now and July 28.

Local merchants sponsoring the Redwood City Derby include Towne Motor Co., Bank of America, Hall Bros., Gray Thorne Lumber Co., Al Brown's Associated Service, First National Bank, Redwood City Tribune, Cuddy Motor Co., Redwood City Kiwanis Club, Bissell Tire & Battery Service, American Trust Co., San Carlos Enquirer, Otson & Son, Feldman's Exchange Club, Layng & Timney, S. D. Herker, Union Oil Products, Service Garage, Franklin & Crowe and Holmquist Hardware Co.

Atherton Cuts Down Group's Size

Ordinances designed to revise the city planning commission and to relocate the municipal bulletin boards were introduced at the meeting of the Atherton City Council last night in the city hall. The final adoption of these ordinances will take place at the next meeting July 29.

In conformance with a new state law, the nine-member planning commission will be cut to five members, none of whom will be officials of the town. The present commission membership includes one councilman, the city engineer, and the city attorney. Under the new setup the engineer and attorney will not be members but will be available in advisory capacities.

A new bulletin board is to be located at the corner of Glenwood Ave. and Middlefield Rd. at the entrance to the Lindenwood Homes subdivision. The present bulletin board location on Selby Lane and El Camino Real, Selby Lane and Alameda Ave., and Walsh Rd. and Alameda Ave. has Pulgas. One of these boards will be moved to the new location.

Howard Boren, city clerk, announced that the new zoning ordinance adopted last month by the council has been printed and is ready for distribution. All residents of Atherton may receive a free copy by calling at the city hall. Outsiders are required to pay 15 cents a copy.

Menlo Park Council Votes Increase in City's Budget

The Menlo Park City Council accepted the tentative \$54,615 budget for the coming year, zoned the Dibble Hospital property Class A, and added another piece of real estate to the city limits last night in the city hall.

Only one complainant appeared at the first public hearing of the tentative budget, which is \$4000 higher than last year. J. W. Pembroke, long-time council critic, maintained that police salaries should not be raised and that park upkeep expenditures were too high.

After study of similar figures for other Peninsula cities, the council decided that Menlo Park must raise its police salaries in conformity with adjacent communities despite Pembroke's protests.

The park upkeep expenditures were also adjudged to be in line with comparative situations in other towns.

A final hearing on the budget will be held in August, but the budget, as accepted last night, will go into effect July 1.

ing to high class single family buildings.

A portion of University Park bounded by Santa Cruz Ave., Stanford Ave., and Vine St. was voted into the city limits. The uninhabited property on the western edge of the city is largely owned by Floyd Lowe, local realtor, and will be subdivided and improved in the near future.

Vernon Barker, commissioner of streets, was directed by the council to carry out the terms of the contract for the upkeep of the city's streets for the coming year and to proceed with the improvement of the remainder of Middle Ave. from University Dr. to Olive St. This eight-tenths of a mile stretch is now unimproved.

An ordinance establishing the position of clerk of the police court was adopted.

On the recommendation of Max Mielke, city building inspector, the council moved to continue the use of 1943 uniform building code instead of adopting the 1946 edition.

The Dibble Hospital property, which will soon be turned over by the army to the Federal Housing Administration for distribution to Stanford and Menlo Park, was listed as Class A first class residential by the council.

Charles P. Burgess, this action will not affect the buildings already there, but will restrict future building.

The San Bruno City Council and Ferd Prince of 1866 Carmelita Dr., San Carlos today had letters on file with the San Mateo County Board of Supervisors protesting the closing of Sawyer Camp Rd.
